Montessori Preschool Program

Children take pride in helping to prepare and maintain a beautiful environment.
What is Montessori?
Montessori is a philosophy and method of education which emphasizes the potential of the child, as an individual, using specially designed materials. These materials help the child internalize concepts through movement, repetition and the use of their senses.

Why five days a week?
To benefit fully from the Montessori approach, daily reinforcement is suggested. Children respond positively to the consistency of a five day a week program. Separation anxiety is lessened and social development is strengthened by the sense of community that develops from day to day contact in the classroom environment.

Our Environment
The environment that we strive to create based upon self-directed, non-competitive activities helps children develop self-esteem and the confidence to face challenges and change with optimism.

Value of Montessori
The true value of Montessori education lies in the self-discipline, self-mastery, and true love of learning that children achieve.

The Kenan Center Montessori Preschool Program offers a unique and rich educational Early Childhood experience on the beautiful and historic Kenan Center Campus.

Multi-Age Environment
Enrolling children 3-5 years of age

5 Half Days Program
All children attend Monday through Friday 8:45—11:45 a.m.

Montessori-Trained
Experienced Staff

Parent Testimonials

We have watched our three children, all of whom attended Kenan Center Montessori Preschool, turn into enthusiastic learners and grow curious minds. Montessori reinforced our education from home to be good friends to each other and to the world around them.

... My daughter built beautiful friendships which allowed her to learn about human interactions and diversity.

... The time spent at Montessori allowed my children to learn in a safe and accepting place and to learn at their own pace.

... This experience developed my shy, quiet daughter’s sense of independence. The Montessori method allowed her to choose activities based on her interests which helped her to understand her likes, dislikes and overall comfort level in the classroom. It was at Kenan Montessori that she became confident in the person she was becoming.

... Kenan Center Montessori Preschool is everything that we wanted our child to experience in his early education. The environment is comfortable, encouraging, creative and enriching.

... The pacing of the curriculum was perfectly timed for our son. Individualized attention and well-honed responsiveness kept him happy and engaged.
